

## Sunflowers: Photos, Facts, and Fictions

In the middle of a glorious nowhere, there is a valley the North American continents largest alpine valley where a hermit and his canine friends live. Surrounded by mountains, when summer comes, another sort of magic visits the valley: wildflowers, including the common sunflower, *Helianthus Annuus*. This book is a collection of the hermit photographers own favorite sunflower photos and a miscellany of quotations, poetry, short stories, and trivia about those magnificent flowers.
