From the soft and snuggly to the warm and toasty, if you're looking for fun and unique baby patterns you've come to the right place. Don't waste another second and jump on in to these fun and easy baby patterns today! Comments From Other Readers I bought this book because a friend made a blanket just like one in this book and I love it! The patterns are fun, repetitive without being boring, and always lovely. This book is not just for beginners, though; I have been crocheting for nearly 15 years and I enjoy the challenges the patterns present but also getting back to basics. It usually takes 1-2 hours to make a project, while watching TV. Edith C. (Utah, US) With an assortment of wonderful cuddly patterns this book is brimming with wonderfulness! I am not a mother, nor will I ever be but I couldn't resist scooping up a copy and setting to

work trying out these patterns. Every pattern is well written with plenty of progress photos and any questions you may come across she is easy to get a hold of and quick to help you through. If you end up picking up this book be warned, you won't be putting it down anytime soon! - Chelsea H.
