

Step-By-Step Candlewick Projects

Breaking away from the original candlewicking style, which used only unbleached cotton, this new and original approach to a popular traditional style of embroidery introduces the lavish use of silky fabrics, colored threads, and ribbons. Over 45 patterns and projects for easy-to-make projects, including a 12-block quilt and a set of cushions, a tea cozy and tray cloth, a christening bib and framed pictures, will have you making gifts that all will adore. Don't miss the glorious color photographs of every finished project!
