

This Then That: Opposites Books for Kids: Early Learning Books K-12 (Baby & Toddler Opposites Books)

Opposites are among the most important concepts that children need to learn. Knowledge of the subject will allow children to understand words and their meanings, learn to follow directions, provide descriptions and even engage in classroom discussion. Hence, if your child understands the concept of opposites, he/she will become better prepared to excel in both social and academic settings. Buy a copy today!
