

Fee Mining And Mineral Aventures In The Eastern U.s.

Much more than a fee mining guide, this unique book is a treasure trove of interesting sites to see and things to do related to rocks & minerals, gemstones, crystals, fossils, gold and other treasures. Whether you are an experienced rockhound or prospector, or a family on vacation, you'll find fun, adventure and maybe precious gems, gold or other hidden treasures of man or nature. Organized by state, 270 sites are listed in 31 states throughout the northeast, southeast, and mid-west, including 75 fee digging sites, museums, cave and cavern adventures, tours and historic and natural points of interest. Local history, regional attractions and camping information are included with times of operation, address and contact information, cost, tools and supplies needed.
