

## Ukraine: Trip Three

Trip three to the Ukraine was an out of the ordinary journey, primarily for one reason: The Maidan. To visit this, in the meantime, world famous city square during the major protest movement known as the Euromaidan was the reason why I returned to this nation at this time, impromptu and in the dead of winter. Wanting to make the best out of this tour, I also visited my friends on the Crimea. Thus I went on another road trip, this time from Kiev directly to Simferopol. The mid-winter season would make this journey a somewhat adventurous undertaking, being in a country already fraught with bad roads. Another very memorable place visited was a former secret submarine base by the small Crimean town of Balaklava.
