

How To Give Your Lover A Sexy Lap Dance

Do you want to give your lover - male or female - a special treat? Learn all you need to know to give them a sexy lap dance from an exotic dancer who teased and enticed as a profession for fifteen years. You don't have to be the world's best dancer or buy a million dollar costume - all you need to know is what your lover really likes, how to set the mood, teasing, and a few basics including how to walk in those outrageously high heels. There are hints here for the man who wants to surprise his girlfriend with a sexy dance, too - and believe me, she will love you for it. The author was an exotic dancer for fifteen years - but the first sexy lap dance she ever did was for a lover, long before she became a pro. That was quite a success if the love making afterwards was any indication - and she got better at it. Let her help you give your lover a thrill they won't soon forget.
