

97: Random Thoughts about Life, Love & Relationships

Since its release in fall of 2003, *Dateable* has taken the publishing world by storm, becoming a bestselling teen sensation and breaking the mold of interior design and content for teen nonfiction. Now Justin Lookadoo is back with the much-anticipated follow-up to *Dateable*: *97*. Justin knows that teens are looking for books that speak to the teen life in language teens not only understand but use. Born from a turning point in Justin's life, these 97 random thoughts are like MTV on paper, never letting today's fast-thinking teens get bored. With short entries on everything from skydiving and horseback riding to hands-on scientific experiments and much more, Justin takes teens for an exciting, wisdom-filled ride to bring them closer to God and more in tune with the important things in life.
