

A Second Chance at Sarah

Acclaimed video game writer Neil Druckmann (*The Last of Us*) turns his talents for high adventure and nuanced characters to a tale of love and time travel! As his wife Sarah lies dying, John gets a chance to save her--but at a terrible price! Transported to the past, John finds himself inhabiting his own teenage body, with a single day to prevent the tragedy that led to Sarah's present-day doom, all while trying to convince her that he really is who he says! With evocative painted art by Joysuke Wong, this is an unforgettable tale of love and sacrifice!
