

Alabama Studio Style: More Projects, Recipes & Stories Celebrating Sustainable Fashion & Living

In Alabama Studio Style, Natalie Chanin, founder and creative director of the acclaimed fashion and lifestyle company Alabama Chanin, takes readers on a compelling journey of creativity, technique, and inspiration. Picking up where the celebrated Alabama Stitch Book left off, Alabama Studio Style is a craft and lifestyle book all in one. Here Chanin shares many more of her stitching, stenciling, and beading methods and applies them to twenty extraordinary clothing and home decor projects, each made with organic or recycled materials and designed with haute homespun flair. Along with the companys celebrated camisole and tank dresses, the featured projects include skirts, scarves, pillows, woven chair seats, and a stenciled scrap-wood table. Rounding out the book are recipes for three delicious party menus. Alabama Studio Style shows us that true style encompasses not only what we wear, how we decorate, and what we eat, but also how we care for our environment. Praise for Alabama Studio Style Transform organic or recycled materials into clothing or home decor items with haute homespun flair. Better Homes and Gardens Quilts and More magazine
