

Alaska Light: Ideas and Images from a Northern Land

Alaska Light, like Alaska itself, is rich with extremes. From the Arctic Slope to the Inside Passage, from glaciers and grizzlies to sled dogs and caribou dreams, Alaska Light paints a mosaic of landscapes and wildlife. Five essays are complemented by 28 story photo captions about Alaskas geography, wildlife, and people while the back pages are devoted to a timetable of Alaskan history. More than a pretty picture book, it has heart, humor and beauty that honor the best we can do for Alaska, and Alaska for us.
