

The Magic of the Amalfi Coast: The Enchanting Coast South of Naples (Calvendo Places)

Everyone has heard of the island of Capri, but how many of us are familiar with the mainland that lies beyond? The Sorrento Peninsula, especially the beautiful Amalfi coast is a hidden treasure of Italian culture, featuring towns and villages built on terraced cliffs, densely packed houses with roof terraces and Mediterranean flowers and trees, with seemingly every lane and street leading to the deep blue waters of the Mediterranean. Calvendo calendars are premium products - a bit more pricey than others but with added benefits: Our calendars always look beautiful on your wall because we produce them locally with premium paper and sophisticated spiral binding, ensuring easy turning of pages and flat hanging against the wall. A protective transparent plastic cover sheet provides added stability and each calendar comes in five languages. Treat yourself to a Calvendo calendar and you get something that looks better all year round.
