

Armagh and Down

This is a brand new street atlas, and the only detailed colour atlas that gives comprehensive coverage of the Armagh and Down. No other atlas shows every street in Armagh and Down. This atlas is part of a series of four atlases providing unique, comprehensive coverage of the whole of Northern Ireland. The mapping is based on Ordnance Survey Northern Ireland data and gives the user complete coverage of all urban and rural areas. The mapping is at a scale of 1 3/4 inches to 1 mile (1 1/3 inches to 1 mile in the pocket edition) with larger scale mapping of 3 1/2 inches to 1 mile (2 2/3 inches to 1 mile in the pocket edition) for the north of the area from Portadown to Bangor and Newtownards (including central & eastern Belfast), and the towns of Armagh, Ballynahinch, Banbridge, Dromor, Downpatrick, Newcastle, Newry and Warrenpoint. The mapping also includes the townland names in rural areas with postcode boundaries shown throughout. The atlas is ideally suited for both business and leisure use. There is a route-planning map at the front of the atlas. The main maps show every named road, street and lane clearly with through-routes highlighted. School locations are marked and emergency services, hospitals, police stations, car parks and rail and bus station locations are all featured. There are separate comprehensive indexes of street names - with highlighted schools, industrial estates, hospitals, and sports centres - towns and villages and townlands.
