

## Uncharted 4 Game Guide:Uncharted 4 Guide,Tip and Walkthrough (Volume 1)

If you just bought the Uncharted 4 Game and you are wondering how to play the game and have a satisfied ending, then you need a guide such as this. Uncharted 4, although quite open in feeling, is a linear game when you get down to it. No matter how many forks there are in the path, players will always be funneled into a set of circumstances that Naughty Dog has crafted. Some of these situations will test even the most talented gamer, and if you aren't prepared, Nathan Drake's death toll can climb quite quickly. Welcome on board!
