

Baby Photography Poses (Power-of-the-Pose Book 1)

Have you ever wondered: If my baby looks so spectacular, why do their pictures turn out just so-so? If you have, you are not alone. In fact, that's why baby photographers are in business. But if you want to use the biggest secret of professional baby photographers when taking your own baby's photos, here it is: Start with **BABY POSES** that work! Sounds simple, doesn't it? But how are you supposed to know which poses work? As explained in this eBook, looking at professional baby photos is not the answer! We provide hundreds of sample poses and tips that can be used with the equipment you currently have. Geared for beginning and intermediate photographers, our **Baby Poses** eBook explains everything you need to know, in very basic terms. Nothing is worse than looking at pictures of your baby, years after you took them ... only to realize your pictures don't match how you remembered your baby's first years. You'd give anything to go back and do it again... better. But it's too late. Now you have the chance to take the best possible photographs of your baby... the **FIRST TIME**.
