

Logic 8 & 9, Beginning: A Practical Step-by-Step Training Dvd for Creating Professional Recordings (Alfreds Pro-Audio Series)

Apples Logic is the most feature-packed recording software on the market today, making it one of the most popular options for recording enthusiasts everywhere. This step-by-step video breaks down all the powerful features of Logic versions 8 and 9. You'll learn how to create your first session files, build templates, and mix down your songs. You'll navigate the vast library of sounds in the slick EXS24 sampler, choose from the array of vintage synths and effects, and master Logics unique single-window interface to create authentic recordings easily and efficiently. You'll even discover how to work with the Ultrabeat drum machine and all the expansive virtual instruments included. Whether you're working with Logic Express, Logic Pro 8, or Logic Pro 9, this one-on-one video will teach you the basics and beyond. Take your recordings to the pro-level with Logic!
