The map includes plenty of tourist information. For walkers the map has an overprint highlighting long-distance footpaths, the GR routes, making it an ideal supplement to topo-guides. A wide range of symbols mark various places of interest, sport and recreational facilities, mountain refuges, gites detape, etc. The map provides all the usual information found on topographic maps at this scale: peaks, glaciers, passes, names of mountain ranges and other geographical features, railways with stations, funiculars, ski and chair lifts, administrative boundaries, etc. Map legend includes English.
