

Black Terror #1

Spinning out of Alex Ross Project Superpowers is the first new ongoing series, with this being the first of a four-part story! Each issue will come with a cardstock cover, a la Marvels Secret Invasion! But thats not all! This also comes co-plotted and storyboarded by Alex Ross, scripted by Jim Krueger, and drawn by new Dynamite-exclusive artist, Mike Lilly! This new series is the foundation to the storylines building out of Project Superpowers, and will lead directly into Project Superpowers 2! Who are the Super-Patriots? Who are the Inheritors? And how dows Captain Future fit into all this? And if that wasnt enough, this first issue contains a sneak peak at the Death Defying Devil series and the Masquerade series! The first issue comes with a 50/50 cover split by Alex Ross and Greg Land, plus foil and Alex Ross-signed editions!
