

Bratpack - A Novel by Rich Veitch [Heroes From Hell]

You're finally ready to read your last superhero book ever, BRATPACK is what you want. Rick Veitch's unflinching dissection of the hoary old kid sidekick phenomena gives no quarter as he rips back the covers to expose the whole rotten substructure beneath the superhero industrial complex. One of the most iconoclastic comic book series of the nineties, BRATPACK has been a perennial favorite and a cult classic among the burgeoning revisionist superhero movement, and remains as irreverently relevant as when it was first published.
