

## As the Night Ends

Driven by her idealism and courage, Alex Goodwin will make any sacrifice to win votes for women. Her despairing family is overjoyed when Patrick OLeary comes into her life. A hard-working young surgeon, Patrick is as idealistic as Alex and loves her with all his heart. Then they are separated first by a quarrel, then by the terrible war which engulfs their world, and finally by a tragedy that seems to make it impossible for either of them ever to love again.
