

This work combines two of Bill Bryson's best-loved books and demonstrates his take on life - from either side of the pond. The books, *Notes from a Small Island* and *Notes From a Big Country*, went on to become major bestsellers. The *Complete Notes* combines these two popular books into one volume. Written in the form of bite-sized essays, both books are gently humorous as they highlight the idiosyncracies of the USA and Great Britain.
