

Carolyn Westbrook Home

Using her own beautiful house as an example, popular designer Carolyn Westbrook a home designer who specializes in slipcovers, lamps and fabrics reveals how to create a home that reflects the spirit of those who live there. Page after page of breathtaking photographs carry you into her world, and offer a glimpse inside the residence Carolyn renovated in gracious Southern style. Her decorating tricks will work anywhere, and can change the entire look of a room quickly, easily, and affordably. Just see how mere paint made her once-unappealing front hall warm and inviting. Find out how to create unexpected eye-catching vignettes with vintage collections. Make an elegant statement through the simple but gorgeous use of color and fabric, such as white linen. Westbrooks creativity will draw readers in and help them transform the ordinary into the extraordinary.
