

The Tom Wolfe Treasury of Patterns: 108 Animal Patterns (Schiffer Book for Woodcarvers)

In his long and creative career as a woodcarver, Tom Wolfe has created literally thousands of patterns. Many of them have appeared in his previous books, but many more have not. Now Tom's creative energy and talent is available in a series of books containing his previously unpublished patterns. The first of these books contains a variety of animals from dragons to mice, and pigs to raccoons. In all, 108 of Tom's animals are presented for the use of woodcarvers around the country. This will be the source of many hours of fun and productivity for the woodcarver, resulting in some charming and delightful creations.
