

Celestial Girls

Stefan Soell has already thrilled a steadily growing international fan base with his photo books *Alpengluhn*, *Bavarian Landlust*, *Carisha*, *Volcanic Girls*, and *Waldlust*. The fresco painters of antiquity and the Renaissance were masters in the representation of dimension and perspective, and provided the inspiration for Stefan Soells *Celestial Girls*. Photography is additionally able to enhance the skill and artistry of the frescos, and the effect is amazing. Powerful light from the side shapes and forms the models figures, enabling the finest details and structures to be revealed. When selecting models, Stefan Soell is particularly choosy. We are amazed at how he always manages to find girls with extraordinary character and natural charisma. In addition to Susann, Zoi, and Carisha, his well-known muses, about 30 other ladies grace this volume, many of them new. They are all of them Celestial Girls, so why not let yourself be very pleasantly charmed by their supernatural beauty?
