

Cormac McCarthy Value Collection: All the Pretty Horses, The Crossing, Cities of the Plain (The Border Trilogy)

Read by Brad Pitt Six Cassettes, 9 hours Contains: All The Pretty Horses The Crossing Cities of the Plain Save over 40% off the individual price of these classic McCarthy audiobooks! The national bestseller and the first volume in Cormac McCarthy's Border Trilogy, All the Pretty Horses is the tale of John Grady Cole, who at sixteen finds himself at the end of a long line of Texas ranchers, cut off from the only life he has ever imagined for himself. With two companions, he sets off for Mexico on a sometimes idyllic, sometimes comic journey to a place where dreams are paid for in blood. Winner of the National Book Award for Fiction. Following All the Pretty Horses in Cormac McCarthy's Border Trilogy, The Crossing is a novel whose force of language is matched only by its breadth of experience and depth of thought. In the bootheel of New Mexico hard on the frontier, Billy and Boyd Parham are just boys in the years before the Second World War, but on the cusp of unimaginable events. First comes a trespassing Indian and the dream of wolves running wild amongst the cattle lately brought onto the plain by settlers -- this when all the wisdom of trappers has disappeared along with the trappers themselves. And so Billy sets forth at the age of sixteen on an unwitting journey into the souls of boys and animals and men. Having trapped a she-wolf he would restore to the mountains of Mexico, he is long gone and returns to find everything he left behind transformed utterly in his absence. Except his kid brother, Boyd, with whom he strikes out yet again to reclaim what is theirs -- thus crossing into that antique gaze from whence there could be no way back forever. In this final volume of The Border Trilogy, two men marked by the boyhood adventures of All the Pretty Horses and The Crossing now stand together, in the still point between their vivid pasts and uncertain futures, to

confront a country changing or already changed beyond recognition. In the fall of 1952, John Grady Cole and Billy Parham--nine years apart in age, yet with a kinship greater than perhaps they know--are cowboys on a New Mexico ranch encroached upon from the north, at Alamogordo, by the military. To the south, always on the horizon are the mountains of Mexico, looming over El Paso, Ciudad Juarez and all the cities of the plain. Bound by nature to horses and cattle and range, these two discover that ranchlife domesticity is compromised, for them and the men they work with, by a geometry of loss afflicting old and young alike, those who have survived it and anyone about to try. And what draws one of them across the border again and again, what would bind those disparate but fragile worlds, is a girl seized by ill fortune, and a love as dangerous as it is inevitable. This story of friendship and passion is enfolded in a narrative replete with character and place and event--a blind musician, a marauding pack of dogs, curio shops and ancient petroglyphs, a precocious shoe-shine boy, trail drives from the century before, midnight on the highway--and with landforms and wildlife and horses and men, most of all men and the women they love and mourn, men and their persistence and memories and dreams. With the terrible beauty of Cities of the Plain--with its magisterial prose, humor both wry and out-right, fierce conviction and unwavering humanity--Cormac McCarthy has completed a landmark of our literature and times, an epic that reaches from tales of the old west, the world past, into the new millennium, the world to come.
