

Aquaman Vol. 8: Out of Darkness

Aquaman's exile may finally be resolved, but it's going to take more than a return to Atlantis for his constituency to trust him again. It's not going to be easy. Meanwhile, a lethal enemy can reach anyone through even a drop of water and is out for the kill. Dead Water seems nearly unstoppable, and Aquaman is going to need some help. But who could help with this kind of job? Sounds like a good time for Aquawoman! Collects AQUAMAN #48-53.
