

Dolphins at Play in the Ocean: Coloring Book for Relaxation and Enjoyment (Coloring Books for Adults)

As a lover of dolphins Kaye has endeavored to capture the essence of their beauty in this book. A rare opportunity to color in these beautiful creatures. This range of images show dolphins at play underwater, flipping and turning above the waves and there are also dolphins who have their own zentangled designs. Some patterns are quite simplified to allow you to color and even add extra features if you wish and others are quite complex so that you can use a range of colors and modernize your image. If you like dolphins you will thoroughly enjoy this wonderful range of these friendly mammals.
