

Ultimate Fantastic Four Volume 3: N-Zone TPB by Ellis, Warren Direct Edition (2005)

Young Reed Richards wants to duplicate the accident that changed the four into the bizarre beings they've become and thereby reverse the process. But to do so requires a trip into the N-Zone, the universe under ours...a vast, empty expanse. But if it's empty, what are those lights in the expanse? In a dying universe, only the smartest, strongest and meanest survive. When the Fantastic Four come face-to-face with the remaining inhabitants of the N-Zone, will they make it through meeting Annihilus and his fellow survivors? Collecting Ultimate Fantastic Four #13-18, written by Warren Ellis (Iron Man) and illustrated by Adam Kubert (Ultimate X-Men)
