

Commodore Hornblower (Hornblower Saga) (Hornblower Saga (Hardcover))

These thrilling tales of high-seas adventure in the Napoleonic era, which Winston Churchill found vastly entertaining and Ernest Hemingway recommended to every literate I know, are being eagerly embraced by a new generation of readers. Back Bay takes pleasure in reissuing these classic tales in handsome new trade paperback editions.-- The Hornblower renaissance is in full sail with a nearly tenfold increase in sales: more than 150, 000 Hornblower books sold in the first six months of 1999.-- The A&E television networks series of original movies based on Hornblowers adventures have been tremendously successful -- praised by critics, enjoyed by hundreds of thousands of viewers, and winner of the Emmy Award for best miniseries.-- Two new movies will be premiering in the spring on A&E.-- Readers and booksellers who admire Patrick OBrians novels delight in discovering this new series of nautical adventure stories.
