

Tuscany 2002 Wall Calendar

With its lush countryside, quaint villages, and enchanting forests, Tuscany is a true fantasy that manages somehow to exist in the real world. This calendar captures the quiet beauty of the Tuscan landscape, evoking its spirit and breathtaking views. This is the perfect source-for those who have been to Tuscany and for those who dream one day to go there - to maintain the idyllic charm of the land all year round. Extensive captions include travel tips for Tuscany as well as lists of seasonal activities and festivals. Photographer Stefano Hunyady, whose recent publications include Italian Country Hideaways, captures the sun-drenched landscape of Tuscany, where he maintains his family home.
