

## Cruise Control: How to find the cruise thats right for you

Cruising is fun. Its like going to a really good hotel, unpacking once and then finding out that all the food and entertainment are free and, by the way, they change the scenery every day. Its a great way to see the world without all of the hassle of waiting around at airports and running the risk of jet-lag. Youll see for yourself countries that beforehand were just names on a map, and youll meet lots of interesting new people as well. And every evening you can relax while you watch a stage show that wouldnt look out of place on Broadway or in Londons West End. If youve never cruised before, this book will tell you everything you need to know so you can select the cruise that really works for you. But thats only the first step, because you want to get the best possible value for money. So what this book will also do is tell you: When to make your booking to get the best possible price. How to get a cabin upgrade. What deals you can negotiate to save money on board ship. What will happen when you join the ship. What daily life is like on board, so you look like an experienced cruiser. And much, much more. Written by a professional author who spends several months every year giving lectures on cruise ships of the major lines, this is an invaluable book that really takes the lid off the entire cruise industry and tells you everything you need to know both before and after you make your booking. Whether youre just thinking about taking a cruise, or are planning to go back to sea again for your next vacation, youll learn a lot from reading this, the definitive guide to cruising and life aboard a cruise ship.
