

Mel Bays Encyclopedia of Bass Arpeggios

Learn bass fingerboard secrets with this quick and useful guide through the fundamental triad and seventh chord arpeggios. Learn to recognize these essential items and to easily find them over the whole neck. Each chord in Encyclopedia of Bass Arpeggios is provided with a brief introductory chart analyzing the arpeggios rising from chords and relevant inversions. The development in one and two octaves follows, considering the different positions and fingerings starting from the 3rd, the 4th, and the 5th strings. All arpeggios are presented in standard notation and tablature. Finally, a table summarizes the scales to be used with each type of chord. As well as a valuable reference for all bass players, this book gives students a fresh and comprehensive tool to practice arpeggios in a very simple and constructive way. An excellent opportunity to gain a fluent understanding of the fretboard and to hone playing skills in terms of dexterity and accuracy. For 4-string and 5-string bass.
