

Cut

The latest addition to the Dark Horse horror line is this chilling original graphic novel from writer and publisher Mike Richardson (The Secret, Cravan). Twentysomething Meagan Walters regains consciousness and finds herself locked in an empty room of an old house. She's bleeding from the back of her head, and has no memory of where the wound came from... she'd been at a club with some friends... left angrily... was she abducted? When Meagan peers through the door's keyhole, she starts to suspect that her captor isn't quite human...
