

Dead and Gone: Sookie Stackhouse Southern Vampire Mystery #9

Now its the turn of the weres and shifters to follow the lead of the undead and reveal their existence to the ordinary world. Sookie Stackhouse already knows about them, of course - her brother turns into a panther at the full moon, shes friend to the local Were pack, and Sam, her boss at Merlottes bar, is a shifter. At first, the great Were revelation seems to go well - then the horribly mutilated body of a were-panther is found outside Merlottes. Though Sookie never cared that much for the victim, no one deserves such a horrible death, so she agrees to use her telepathic talent to track down the murderer. But what Sookie doesnt realise is that there is a far greater danger than this killer threatening Bon Temps: a race of unhuman beings, older, more powerful and far more secretive than the vampires or the werewolves is preparing for war....
