

Devils Valley

Flip Lochner is a weary and disillusioned newspaper crime reporter. Curious to find out more about the origins of a casual acquaintance, he descends into Devils Valley where, like Dantes Virgil, he encounters a bewildering array of mysterious characters and events that lead him to reevaluate the world in which he lives and which he thought he knew. Fusing invention and reality, magic realism and earthy humour, Lochners adventures in the valley centre around the journey he undertakes to discover the truth about the elusive and erotic figure of Emma, one of Brinks most remarkable creations.
