

The Capital Markets Of Jerusalem

A photo essay touring the Mechane Yehuda market (the shuk) in Jerusalem, the Muslim Quarter of the Old City, and select areas in between. Historical perspective, as well as commentary, are provided. All images were taken by the author using a Leica M9 and either a 35mm or 50mm Leica lens. Prints are gallery quality and are printed on professional gallery-quality paper. This book would make a perfect addition to any coffee table, waiting room table, or personal library.
