The year is 2099. Victor von Doom, having mysteriously survived from the Heroic Age of the early 21st century, has risen anew in this technologically advanced future. Having retaken his beloved Latveria from those who ruled it in his absence, Doom has turned his gaze to America, once the home of his greatest foes. He sees unrest. He sees disharmony. He knows that the struggling nation needs an iron fist to bring it back under control. And he knows just the man for the job. All hail ... President Doom?!
