

Walkers Provence in a Box (In a Box Walking & Cycling Guides) (Walkers in a Box)

France is far and away the most popular country in the world for foreigners to take walking vacations, and Provence is the most popular walking area in France. The combination of well-marked trails, great food, hostels, hotels, and gites, and a huge variety of scenery make Provence not only one of the most enjoyable but also one of the most convenient places to walk.* A UNIQUE WALKING GUIDE ON POCKETABLE CARDS Heres a great twist to the walking guide: instead of a book, a stylish box filled with walking cards. Each has a different walk fully described and illustrated. Pocket a card and the protective transparent sleeve, leave the box behind, and enjoy your day out.* WIDE COVERAGE AND EASILY ACCESSIBLE The varied range of walks allows readers to explore different areas of this charming region, and the cards provide practical travel information to help you plan your trip. Each walk sets out from a delightful village or town, worth exploring in its own right.* TRANSPARENT SLEEVE PROVIDED If it rains, read the card through the transparent plastic sleeve.* CHARMING PLACES TO STAY NEARBY Combine great walking with memorable overnight stops.* WALKS FOR EVERYONE The walks range from half a day to two days, and are aimed at recreational walkers as well as those looking for a more challenging trip.
