

The Art of Man - Volume 11 - eBook: Fine Art of the Male Form Quarterly Journal

This quarterly eBook seeks to bring balance to a genre of art that overwhelmingly favors the female figure. We feature artists that are courageous enough to focus on the male figure as a significant portion of their portfolio. We bring you in-depth interviews into their thought processes, choices, struggles and creativity in a way no book on the subject can; a buffet for the connoisseur of figurative art. Edition eleven features interviews and artwork of Valentin Bakardjiev, DebiLynn Fendley, George Towne, Ward Nipper, and Paul Richmond. It includes an article on the influence of Apollo throughout art history, and an article about William Blake: Madman or Visionary, by art historian Grady Harp. We have a peek into the MoGLA Archives and the edition concludes with a directory of artists that feature the classical male figure as a large portion of their portfolios so the reader can explore more about this genre.
