

Essential Wolverine - Volume 1 (v. 1)

You can call him mutant or animal or hunter or even Wolverine, he couldn't care less. Logan is old enough to remember Teddy Roosevelt taking office, his bones are unbreakable, his senses are extraordinary, he regenerates injury at an inhuman rate, and his rage is unholy. Haunted by half-forgotten demons, he fights for those who can't fight for themselves - from the concrete canyons of New York City to the seedy underbelly of Southeast Asia and beyond - even as he struggles to contain the monster within. Collects Wolverine #1-23.
