

Executive Reports: Strategies for Preparing and Filing a Patent Application - The Over-Arching Issues You Need to Know

This 26-page executive report written for patent attorneys and inventors features strategies for filing a patent application. From prior art searching to allowance, every step in the process of filing a patent application is examined. Leading patent attorneys identify common problems when preparing or filing a patent application and ways these problems can be addressed. The report demonstrates why a knowledgeable patent attorney, a good intellectual property strategy, and detailed disclosure can improve the chances for a patent's success. Other topics include the Assignment Division; examination; trade secrets; prior art search; claims; prosecution; provisional patent applications; office actions; foreign patent applications; invention disclosure form; the timeline for a patent; and global patent strategies. This Executive Report is written by: 1. Alan A. D'Ambrosio, Partner & David Zarfes, Senior Counsel, Orrick, Herrington & Sutcliffe LLP - Filing Patent Applications 2. Nicholas A. Kees, Intellectual Property Practice Group Leader, Godfrey & Kahn, S.C. - Involving Lawyers in the Patent Filing Process 3. I. Edward Marquette, Esq., Partner, Sonnenschein Nath & Rosenthal LLC - Patent Application Steps 4. Matthew Sant, Partner & Richard L. Bernacchi, Of Counsel, Irell & Manella LLP - The Benefits of Having a Good Patent Attorney
