

Family Ties: The Theory, Practice, and Destructive Properties of Relatives

Family fun takes center stage in three-time Newbery Honor winner Gary Paulsen's hilarious novel for middle-school boys. Kevin Spencer is the glue that holds his family together. When his wacky relatives decide to have a double wedding in the backyard, Kevin takes charge. Planning two weddings is a great way to impress his girlfriend, Tina Zabinski, the Most Beautiful and Best-Smelling Girl in the World. But as more and more relatives come to stay, things spiral out of control. Tying the knot has Kevin tied up in knots in this laugh-out-loud story.
