

# Visual Communication: A Guide To Aesthetic Nudes (Volume One) - Edited

In a new world of graphic design, photography, television, video and interactive media, visual communication often supersedes over verbal communication. One of the most interesting way to explore visual information and visual perception that are consumed in todays media-rich society is photographing women nude, not as sexual objects, but as icons communicating visually within their own inner aesthetics. Experience the gods of women! This is the scientific enjoyment of light, the eye and the brain all working together to create your own personal semiotics.
