

Five Hundred Buildings of New York

Five hundred stunning duotone photographs showcase the finest, most majestic, and interesting examples of architecture in one of the worlds most beloved cities. The greatest buildings, monuments, and structures of New York come to life in these inspiring, neighborhood-by-neighborhood photographic tours. Each building is featured in a rich, fine-resolution duotone photograph. Information including the buildings name, its address and location, and year of completion or renovation is included underneath the image. A brief description of each building, which highlights its distinctive features and places it in historical context, is included at the back of the book.
