

## Forgotten Horrors Comics & Stories

The acclaimed FORGOTTEN HORRORS film-history series yields its first graphic novel in FORGOTTEN HORRORS COMICS & STORIES -- a collection of comic-book novellas inspired by the low-rent chillers covered in the first five volumes of FORGOTTEN HORRORS, from the Depression years into the Atom-Age 1950s and 60s. From riffs on THE MAN FROM PLANET X and DESTINATION MOON, to takeoffs on THE VAMPIRE BAT and THE BLOB, to the long-unseen TOR JOHNSON--HOLLYWOOD STAR, here is a collection to delight the lover of maverick movies and offbeat comics. The book also marks a decisive tie-in between the FORGOTTEN HORRORS series and Mike Prices COMICS FROM THE GONE WORLD series of graphic novels.
