

# Rea Quick Access Java 2 Certification

REAs Quick Access computer reference charts are 4-page laminated charts that contain all of the information you need to get the most out of your computer software. Unlike bulky reference manuals or confusing users guides, Quick Access charts present all you need to know in clear, concise language. With everything from elementary functions to expert tips and techniques, Quick Access charts are at home in the desk or backpack of any computer user. Students love their portability and durability, home users appreciate their clear organization, and executives enjoy the increased efficiency the charts provide.
