

Guardians 3000 #5

To save the future, the Guardians must reach into the past, and that means striking a deal with the Old Hunger. But the Old Hunger is the most powerful entity in the Galaxy, and its not a good idea to wake him up, or to by-pass his invincible herald, Stormfront! Meanwhile, Vance Astro has encountered a Guardian that he forgot ever existed, and shes none too happy about his memory blank. Time to make friends again fast before the A-Sentience gestalt of The Stark destroys them all! Cosmic action and mind-blowing Sci-Fi adventure!
