

## Hamburg: City Panoramas 360 (CityPanoramas 360)

German language edition. Immerse yourself in the fascinating world of 360 panoramic photographs by Thorsten Tiedeke. 20 breathtaking panoramic images, which can be unfolded to a width of over one metre, captivate the beholder. Includes many additional smaller photographs as well. This volume shows Hamburg, the commercial metropolis on the mouth of the river Elbe, whose port is certainly its busiest part. Sophisticated City Hall Square, the Alster river at the heart of the city, the impressive Alsterarkaden, Kehrwiederspitzze, the beautiful park Planten un Blumen, the Fish Market and, last, but not least, the world-famous Reeperbahn create the city's unique flair, which you can take in with a panoramic view. Farbfotos präsentiert die Hansestadt ihre schönsten Seiten. Dabei gibt es zum Glück keine Aneinanderreihung von Postkartenmotiven. Bei jeder Aufnahme ist eine besondere Beleuchtung, eine faszinierende Stimmung oder ein etwas anderer Blickwinkel auf das fotografierte Objekt gesucht worden. Wunderbare Tages- und Nachtaufnahmen beispielsweise des Jungfernstiegs wechseln sich ab mit informativen Hintergrundberichten über die Geschichte der Stadt.
