

Happenstance

These two unique novels tell the stories of Jack and Brenda Bowman during a rare weekend apart in their many years of marriage. Jack is at home coping with domestic crises and two uncouth adolescents, while immobilized by self-doubt and questioning his worth as a historian. Brenda, travelling alone for the first time, is in a strange city grappling with an array of emotions and toying with the idea of an affair. Intimate and insightful yet never sentimental, *Happenstance* is a profound portrait of a marriage and the differences between the sexes that bring life and a sense of isolation into even the most loving of relationships.
