

## The Virgins Choice (Harlequin comics)

Rose, who works as a waitress, has been passionately courted by a Swedish aristocrat and in the blink of an eye they are headed down the road to marriage. However, in the middle of their wedding ceremony at his old castle, Rose gets kidnapped by a man with black eyes who appears from nowhere! He says, This marriage is a sham. Ill make you pay for what you two have done. Confused, Rose is then taken to a Greek island. Xerxes, on the other hand, must tell himself not to be attracted to her and her beauty because she is an important hostage for a deal with the aristocrat!
